That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel. Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula or 'live Tablets while treating patients for chronic constination and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them

to unnatural action.

If you have a "dark brown mouth"—a bad breath—a dull, tired feeling—sick beadache—torpid liver and are consti-pated, you'll find quick, sure and only results from one or two little dwards' Olive Tablets at bedtime Thousands take one or two every night just to keep right. "Huh," she said, "he ain't no great man, I done understood every word he said."

She expected this noted preacher to use long words and lan-guage which she would not able to comprehend, But, because he was a great man, he spoke in one and two syl-lables so even this uneducated "mammy" knew what he was talking about.

Do Your Feet Hurt?

Foot Talk No. 4

One day last week a customer said to our expert orthopractic, "Why is it that other people can keep their shoes in shape, always looking like new, while mine never keep their shape and yet I buy good shoes?"

After a careful examination our foot specialist was able to explain to her the reasons for her shoe troubles, and now one more foot-sore person is walking with COMFORT.

It is surprising what a little suggestion from one who knows will do in restoring comfort to the person who has been suffering with his or her feet.
